"Assist to Succeed has given me a wonderfully rewarding career! I've been able to support my husband through his schooling and everyday I come home knowing I made a difference."

TAYLER, ST. ANTHONY ID

"As a single mom, Assist to Succeed provided me with the flexibility to still work full time and continue my education in the dental field. I now have an amazing career in dental assisting with awesome benefits. I also have more confidence, now that I can provide for my daughter."

ANNABEL, NEWDALE ID

Things You Need to Know

TIME: Classes run from 8:00 am to 4:30 pm on Saturdays.

TUITION: \$3,600 (\$500 deposit for the class) including all books and supplies. We have different payment options available. Call today for details!

INSTRUCTORS: The course is directed by currently practicing doctors. Other instructors and teachers are experienced dental assistants.

HANDS-ON EXPERIENCE: Because dental assisting is a "hands on" work environment, course work is designed to focus on developing those skills.

CERTIFICATION: Upon completion of the 9 week course you will be certified as a Dental Assistant in the fundamentals of dental assisting for the State of Idaho. After you've completed your externship you will come back to pass off your expanded functions training with your instructor.

"ATS is one of the best schools that you can bring anyone into with no experience and have them walk out with a good education. My wife went through the program and is already in the dental field. And now my son-in-law has graduated from the program. He is well on his way to becoming a dentist. I think this is one of the best schools in the nation."

FRED GIOVANINI, L.D., IDAHO FALLS ID

Jessica from ATS joined us and she's been an excellent part of our team. From the beginning she was well prepared and trained. I'd highly recommend ATS.

DR. MARCUS D. NEFF, DDS, IDAHO FALLS ID

We have an assistant from ATS. She's learned and caught on very fast. She had the tools that she needed to learn the basics, and then as she's come into our office we've easily been able to integrate and perfect her for our team. We've been very happy with her.

DR. OLIVER O. THUERNAGLE, DDS, IDAHO FALLS ID

We've hired assistants from several different schools in the valley; some from out of state. This particular intern from this program just seems to be a cut above the rest.
